

CHOLINE CHLORIDE 60% CORN COB

General Information

Chemical Formula	C ₅ H ₁₄ ClNO	
Synonym	Choline chloride 60% corn cob	
Origin	China	
H.S. Code	23099010	
CAS No.	67-48-1	
Molecular Weight	139.63 g mol ⁻¹	

Application and Benefit

Application	Benefit
Poultry, Swine, Cattle, aqua,	Prevents abnormal accumulation of in (fatty liver)
	Essential metabolic in the building and maintenance of cell structure, maturation of the cartilage matrix of bone.
	Prevents condition such as perosin and liver enlargement in chicks.
	Essential requirement to maintain body functions and enhance growth

Specification

Property	Value
Choline Chloride	70% min
Particle size	min. 90% (20 mesh sieves)
TMA	max. 300 ppm

Packaging

- Bag @ 230 kg 17 MT/20' FCL without pallet
